The Shoalhaven River Learning Community is offering you the opportunity to hear

Dr Judy Willis.

Dr Judy Willis is a board-certified neurologist in Santa Barbara, California. She has combined her 15 years as a practicing adult and child neurologist with her Master of Education and ten years of classroom experience. She now dedicates herself full-time to teaching educators. Dr Willis travels nationally and internationally giving presentations, workshops and consulting while continuing to write books for parents and educators. She is an authority in the field of learning-centred brain research and classroom strategies derived from this research. Her presentations are inspiring and engaging.

The theme for the day with Dr Willis is:

“TEACHERS LEADING LEARNING”

Hearing Dr Willis speak is inspirational and refreshing. Her enthusiasm for relating to the needs of students as learners, and the learning strategies she recommends which respond to student needs, are truly evolutionary. Dr Willis will present three sessions during the course of the day. Want to know more? Then go to:

http://www.radteach.com

The day is available for all DEC staff across the Shoalhaven River Learning Community including our Pre-service teachers at no cost. Schools will be expected to cover the cost of the casual staff employed in their school to allow school staff to attend.

The course is available to non-DEC staff at a cost of $100 for the day should numbers allow. (Cheques payable to Shoalhaven High School). DEC staff need to enrol by the 18th October 2013. Staff are to enrol via MyPL. The enrolment event number is:

NR05102

Places in this event are limited. Please book early to avoid disappointment.
